On the basis of the most accurate information available to Contractor, the notice shall state:

(c) Except as may otherwise be expressly provided in this PO, if any change under paragraph (a) above causes an increase or decrease in the cost of performance of any part of this PO, whether or not changed by the order, Lockheed Martin shall make an equitable adjustment in the contract price, and the affected PO(s) shall be modified accordingly in writing.

The proposal for adjustment should include an estimate of costs for excess or obsolete material, work-in-process or other property using the forms and in the detail prescribed by generally acceptable accounting principles. If Contractor's proposal for adjustment includes the cost of property made obsolete or excess by the change, Lockheed Martin shall have the right to prescribe the manner of the disposition of the property.

(e) Contractor agrees that its failure to submit any proposal for adjustment within the applicable time period shall constitute a waiver thereof unless Contractor requests in writing, prior to the expiration of the applicable time period, that a time extension for filing its proposal for adjustment be granted by Lockheed Martin.
